Jointly provided by

Balanced Approaches to  
Acute and Chronic Pain  
September 21-23, 2018

This conference will examine controversies in chronic and acute pain and managing the opioid epidemic that is affecting patients and healthcare practitioners alike. Attendees will be provided with practical, exportable solutions that can be immediately implemented in their daily practice.

### AUDIENCE

Physicians, physician assistants, nurse practitioners, psychologists and any other interested healthcare professionals.

### CONFERENCE OBJECTIVES

- At the conclusion of the program, providers/clinicians will be able to:
- Discuss the unintended consequences of the current CDC Opioid Guidelines.
  - Explain advanced techniques in neuromodulation, surgical and procedural modalities for chronic pain.
  - Identify at least two innovative therapies, medications and procedures for the treatment of acute and chronic pain.
  - Explain how pain of a catastrophic injury can be effectively managed using an integrative approach through the continuum.
  - Identify opiate prescribing deterrent formulations to reduce opioid dependence.

### THE SOUTHERN PAIN SOCIETY

The Southern Pain Society (SPS) was established in 1986 as a regional section of the American Pain Society and endorses and supports the mission and goals of the American Pain Society. The Southern Pain Society's missions are to serve people with pain by advancing research and treatment and to increase the knowledge and skill of the regional professional community.

Visit [www.southernpainsociety.org](http://www.southernpainsociety.org) to join and take advantage of the discounted registration fee.

### POSTER PRESENTATIONS

Each year, we host a poster session where professionals and learners can showcase their research and projects. Posters can be clinically or research oriented. Please see the SPS website at [www.southernpainsociety.org](http://www.southernpainsociety.org) for details on submission.
