

The Southern Pain Society, supported by Boston Scientific

will be hosting our 1st Cadaver Workshop

Friday, September 29, 2023

8am – 12 noon

Astor Crowne Plaza Hotel

New Orleans

This workshop will be conducted in conjunction with and just before our 37th Annual Pain Management Conference which starts at 1pm on September 29, 2023 and runs through Sunday, October 1, 2023 at the same location.

There will be 2 groups: Group 1 will meet from 8a – 10a and Group 2 will meet from 10a – 12 noon.

There will be three rotating procedure stations, all using fluoroscopy:

- Vertiflex Lumbar Decompression with Non-Cadaver Training: Casey Murphy MD
- Spinal Cord Stimulation with cadaver training: Barry Straus, MD JD and Eric Royster, MD
- Radiofrequency Nerve Ablation with cadaver training: Alethia Sellers, MD

Workshop attendees must be Fellows or Attendings from one of the following disciplines: Anesthesiology, PM&R, Neurology, Neurosurgery and Spine Surgery.

No CME's will be provided for the workshop.

Visit our website at www.southernpainsociety.org to register. Attendance at the Workshop requires registration for the Conference as well. Space is limited so register now.

Questions? info@southernpainsociety.org or (828) 575-9275 See you in NOLA!
